Chapter 1 by letie pride

I was in at the park i went into the hiking woods to play hide-n-seek with my friends our moms said the boundaries for us not to get lost it was Lilly's turn to count me and my friend wanted to find a good place to hide so we were risking to go past the boundaries so we did i hide in a bush she hid in a bush across from me she finally said **30** and i said shh she looked really hard i could tell i heard her voice **you guys are so good at hiding** that is when we heard foot steps say little dogs paws and we saw the old man he looked like he was searching for someone or something he looked straight at my friend **where are you guys** she said. He walked up to her and said are you lost or where are your parents. My friend wanted to jump out after her but i told her **no don't** and so she didn't my friend's face turned pale **n-n-no my friends are just hiding from me because we are playing hide-n-seek oh so..there is more of you** he grinned slowly **y-y-yea** i started to get scared out my friend wanted to scream **so do you want to get your friends and you guys come with me to "find" you parents** he said thats when i jumped out and my friend followed me. **u-um There you guys are** Lilly said in relief **y-your not taking us anywhere** i said my friends started screaming for our parents the old man took off.
